- How to use SOAP in this study -

S - Scripture: Read the daily passage of the month and write it down in your journal. Writing it down allows you to concentrate on the words that God is giving you for that day.

O - Observation: What is this passage saying to you? What words stand out? Who is God speaking to?

A - Application: How can you apply this passage to your life today? Are there any changes you need to make in your life?

P - Prayer: Pray and ask God to reveal himself to you or pray the passage back to him.
